**For further information or questions about VNA California contracts, contact your local VNA California Community Liaison.**

PLEASE NOTE: If a health plan is not on our contract list, we can work with the patient's insurance company and payor to establish a Letter of Agreement. We initiate these relationships regularly to accommodate the immediate needs of patients and subsequently strive to establish VNA California as part of the payor's network.

\*This list is current as of August 2015. Additional plans are added regularly. Please check with your local Community Liaison if a patient's Health Plan is not on this list.
